

# The Heads Up

## We have the technology...

We are really excited to announce the arrival of our new I Pads. We have purchased a class set of 16 I Pads to support class learning. Each class will have the opportunity to use the I Pads to access a range of educational apps and access the internet. Our wireless network means that we can transport the ipads from class to class easily. We look forward to sharing some of the children's learning with parents later in the year.
