

The internet is amazing. Children can play, learn, create and connect, opening up a whole world of exciting possibilities. But with the digital world changing all the time, how can you make sure your child is staying safe?

We believe that internet safety education is a crucial element of the curriculum and an essential part of young people's development.

This leaflet is designed to celebrate the many positives of the internet, and to raise awareness of the issues that children face online today.

The leaflet provides practical advice and safety tips to help manage online safety issues, as well as providing recommended online resources.

Top Tips for Parents

1. Discover the internet together
2. Agree with your child rules for internet use in your home
3. Encourage your child to be careful when disclosing personal information
4. Talk about the risks associated with meeting online "friends" in person
5. Teach your child about evaluating information and being critically aware of information found online
6. Don't be too critical towards your child's exploration of the Internet
7. Let your children show you what they like to do online
8. Remember that the positive aspects of the internet outweigh the negatives
