PSHE: Statement of Intent

At Clapham Terrace Primary School, personal, social and health education (PSHE) enables our children to become healthy, independent and responsible members of society.

The intent of our PSHE curriculum is to deliver a curriculum which is accessible to all and that will maximise the outcomes for every child so that they know more, remember more and understand more. As a result of this they will become healthy, independent and responsible members of a society who understand how they are developing personally and socially, and give them confidence to tackle many of the moral, social and cultural issues that are part of growing up. We provide our children with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. Our children are encouraged to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.
