

Dear Year 3,

Hoe gaat het?

I hope you have been enjoying all the sunshine, but making sure you have been wearing your caps and hats and drinking plenty. I've seen so many of your sports day challenges, they have all been fantastic. I think we have been the best class by a long way. Miss O'Kelly has been very happy with them as well.

Next week I will be phoning you all to see how you are, and hopefully have a chat about how we will be doing our transition to Year 4.

I heard an absolute old school tune the other day that took me back to my childhood. I think this song was the first song I wanted my mum to buy me. The song is Shine by Aswad. It has a really upbeat reggae vibe, I remember liking it because I mentioned some of the sports stars of that era – Ian Wright, Linford Christie and Colin Jackson. Have a listen, it's bound to make you feel happy and get you dancing.

Reading

Keep up with your reading for pleasure.

I have recorded the next chapter of The Dreadful Dragon –The Library. <https://www.youtube.com/watch?v=neC2F8SHEHI>

We would like you to carry on the dialogue between Ronald and Mrs Stickler at the end of the chapter. What would Ronald say to her? How would he react to her wanting to help him learn about dragons? Don't forget to use the correct punctuation and remember new speaker new line.

Spellings

There is a new set of spellings for you to learn, remember to use a few different way to learn them, try writing them into sentences as well as 'look, cover, say, write.' Then have a go at the web games and the assignment that has been set.

Mrs Rooney has done a phonics lesson to help with some of our spellings, have a go at some of the activities if you feel like you would like a bit of a spelling boost. <https://www.youtube.com/watch?v=whfCzBNHDXY>

Geography

Big Question: How are North America and Europe similar/different?

Your task is to look at two continents, North America and Europe, and write a comparison piece highlighting similarities and differences.

Science

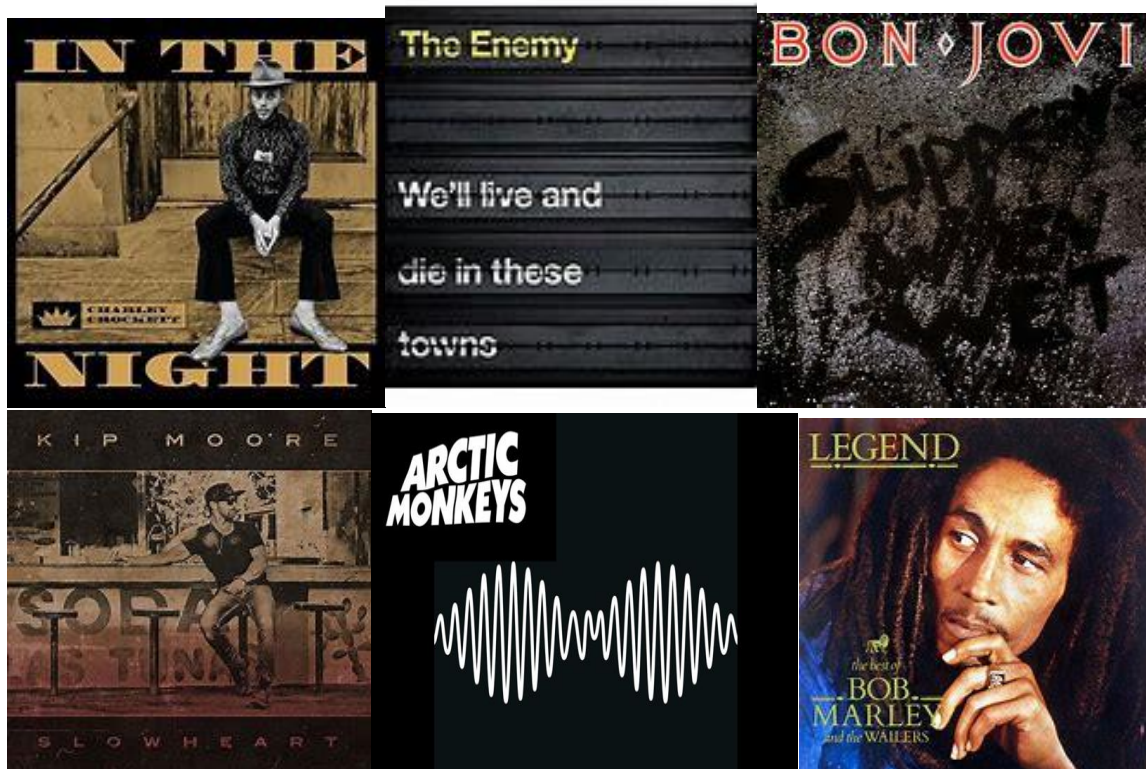

Have a go at lesson five, learning about how plants transport water. See what you can remember from the previous lesson on the quiz, then watch the video of the lesson and complete the activities as the teacher instructs.

This week's Big Question is: How does a plant transport water?
