

Dear Year 4,

I can't believe that we are nearly at the end of the school year! I can't wait to see you on Wednesday and Thursday this week and catch up on all that you have been doing. It has been lovely to see you doing lots of the home activities and I hope you enjoyed them.

Here are some things you might like to have a go at this week:

## Reading

Keep up with your reading for pleasure! This week we are changing how we are doing guided reading at home. We will be continuing our book 'The Dreadful Dragon'. This week Mrs Hothi has read chapter five, click on the link below to hear it.

<https://youtu.be/OTK0rNE2Cdo>

This week your task will be to draw a comic strip for the story so far.

## Spellings

There is a new set of spellings for you to learn, they are based on tricky and challenging words we may use. Have a go at the assignment on Spelling Shed, remember to use a few different way to learn them, try writing them into sentences as well as 'look, cover, say, write.'

<https://www.spellingshed.com/en-gb>

## Maths

### Harder:

Go onto the Year 4 section of the White Rose Website:

<https://whiterosemaths.com/homelearning/year-4/>

Complete the activities for Week 11 Summer Term 06.07.2020- identify angles.

### Hard:

If you are finding this too tricky go onto the Year 3 section of the White Rose Website:

<https://whiterosemaths.com/homelearning/year-3/>

Complete the activities for Week 11 Summer Term 06.07.2020- measure mass.

There is a different video for you and your parents to watch each day then you can complete the activity in your exercise book. There are answers for your parents to use to check your work.

**Optional Challenge:** If you would like to further your maths learning why not try the looking at the challenge below. Just click on the link/go to the website:

<http://www.iseemaths.com/wp-content/uploads/2020/05/2nd-June-Y34-Reading-Graphs.pdf>

Complete the activity for day Tuesday 2<sup>nd</sup> June- reading graphs.

## Topic

This week we will be continuing our Geography topic North America. Our big question is: What are the similarities between Los Angeles and Coventry? Your task is to look at two cities Los Angeles and Coventry and make a comparison poster highlighting similarities and differences. Use the PowerPoint linked on our class page on our website to help you.

## Literacy

For our literacy lessons we this week we will still be using Oak Academy to structure our sessions. There are 5 lessons to do and this week we will be looking at adventure stories writing. Have a go and see what you can do.

<https://www.thenational.academy/online-classroom/year-4/english#subjects>

## Science

This week we will be continuing with our Oak Academy science lessons. This week we would like you do to lesson 5: What are some uses of light? Work through the slides and see how you get on.

<https://classroom.thenational.academy/lessons/what-are-some-uses-of-light>

## Extra Challenge:

This week we would like you to have a think about what career you would like to have in the future. There are many different jobs in the world, think about your favourite subject and how it could lead to a job. For example, if you enjoy maths and science maybe you might want to become an engineer. If you are stuck ask your parents or carers what they do and it might inspire you! Have a go and create a collage of ideas!

## Sharing our learning:

While you are learning at home you can complete your work in your exercise book or on paper. Remember you can send work to our class email [2312yr4homelearning@welearn365.com](mailto:2312yr4homelearning@welearn365.com) for me to look at.

I hope you enjoy completing this week's learning. Remember to just do what you can. Keep looking at some of our Twitter challenges and send us some of your own pictures of you baking/reading for pleasure/spending time learning in different ways with your family. I will be in touch again at the end of next week.

Best wishes,

Mrs Hothi
