

Dear Year 4,

Wow, I can't believe how quickly the year has gone and that we are already breaking up for the six weeks holidays. It is sad that this school year has been shorter than we were expecting, but at least it has been one we will never forget!

I am extremely impressed with how you all have attempted your home learning tasks throughout the spring and summer terms. I have really enjoyed looking at the work many of you have emailed me. It has been wonderful to see so many of you in school for these last two weeks. You have all developed your characteristics of effective learning whilst being at home, particularly your independent skills and your resilience. I am very proud that you all read at least three times a week, for every week, that we were in school. This has never been done by a class at Clapham before and I am sure you will continue this amazing record in year 5!

It is really important that over the next six weeks you keep up your basic skills to ensure that all the learning you have done at home doesn't get forgotten and that you can hit the ground running in September.
