

Autumn 2020

Action Plan

Eco-Schools Topic:

Biodiversity

Big question:

What wildlife do we have on the school grounds?

Action(s):

Conduct a half termly wildlife survey

How long will it take?

On going

Who is responsible?

The COL group with 2 eco-activists to update the eco-board with what's been spotted.

How we will monitor progress:

Keep a track of wildlife seen on our school grounds on our eco board.

Evaluation:

Eco-Schools Topic:

Energy

Big question

Can we reduce our electricity usage?

Action(s):

Draw awareness to the need to reduce our usage

Partake in Switch Off fortnight.

How long will it take?

6 weeks to start the project then on going

Who is responsible?

All the Eco Activists

How we will monitor progress:

Take weekly meter reading
Keep a graph on our eco board

Evaluation:

Eco-Schools Topic:

Water

Big question

Can we only use waste water to water our plants?

Action(s):

Put in a water butt and use this water to water the plants

How long will it take?

Install water butt by July 2020

Who is responsible?

COL, gardening club and Eco Activists.

How we will monitor progress:

The Eco-activists

Evaluation:

Water butt now in place and being used.

Action Plan

Eco-Schools Topic:
Marine

Big Question

Does our school teach about marine life conservation?

Action(s):

Get the whole school to partake in a marine conservation awareness project.

How long will it take?

Project launched on earth day 2020

Who is responsible?
Mrs Fairhurst and all the children in the school.

How we will monitor progress:

Mrs Fairhurst
Evaluation:
Due to COVID we did this remotely but with great success.

Eco-Schools Topic:

Waste

Big Question

Can we recycle as much of the school waste as possible?

Action(s):

Find a place to recycle pens, glue sticks, etc.

Recycle crisp packets and other hard to recycle waste

How long will it take?

On going

Who is responsible?
Eco Activists in each class

How we will monitor progress:

We were able to recycle 2 large bags of crisp packets and 5kg of pens
Evaluation
Due to COVID the recycling places have not been able to take the waste. As a result, we have tightened up on our paper and plastic recycling and are sending even more. Crisps and pens will restart soon.
