

This week we're delighted to have year 5 back with us—school just isn't the same when we haven't got all the children in. Today we've enjoyed a visit from a mountaineer called Pete, who shared his experiences with Year 5 and 6 and really brought their geography to life for them.

Our Key Stage 1 and EYFS children have enjoyed filming their nativity performances. These will be shared with you during the last week of term. They also had their photographs taken; the photos will make a great memory and keepsake of this experience and more information about how you can purchase them will follow next week.

Thank you all for returning the children's books on Wednesday. I hope you all enjoyed sharing their learning with them at home. Next week you will get the opportunity to discuss the progress they have made this term. Year 1 and EYFS have already experienced our new approach using School Cloud and the feedback is that it is user friendly and efficient. I would however, like to reinforce that fact that you do need to be on time for your appointment, as after 10 minutes it does end the discussion and cut off. Any problems, please contact the office.

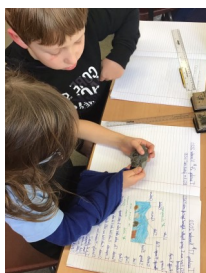

This week's Celebration Assembly can be viewed at:

Year 3 Fossils

In science, Year 3 are learning about fossils. They have been looking at samples of fossils and researching dinosaurs. I have fossils by the way—some are very precious to me and my brother. Several of them were found on the Jurassic coast, which is in Dorset. I have an ammonite and a devil's snare and a few others. Year 3 have also been researching about Mary Anning. She was an English fossil collector, dealer, and palaeontologist who became known around the world for finds she made in the cliffs along the English Channel at Lyme Regis.

Fossils are fascinating to me; I want to be an archeologist when I grow up and study fossils.

Did you know that Lincolnshire was underwater when the dinosaurs were alive? I have also been there and to the fossil/dinosaur museum which is fascinating if you are a fossil lover. By CTCN reporter Hannah

Tea Towels

The Clapham Terrace Tea Towels, featuring the self portraits of every child in the school are available to buy for £4.00. They make great Christmas presents for family members.

But hurry up with your order, they are selling like hot cakes!

By Robert and Harlin, CTCN reporters
