

Heads Up

We've had another great week in school and the children have experienced a wide range of activities to enthuse and motivate them. They really have responded well to the structure school offers, their output in their more formal learning has been most pleasing. This, interspersed with all the active learning they have participated in has led to them feel secure and happy.

Your child's teachers will have up to date information about their current attainment and progress and inform you about their targets for the summer term at parent's evening. If you haven't already signed up for a time for a parent consultation (via School Cloud) please do and contact the office if you need support with this.

Thank you to all of you for cooperating so positively with the wearing of masks at drop off and collection. School is still operating under tight COVID restrictions, the children are still in bubbles and the school day is structured to minimise contact across bubbles. Can I just remind you not to send your child to school if they are feeling unwell. We can support you with accessing COVID tests if your child is displaying symptoms.

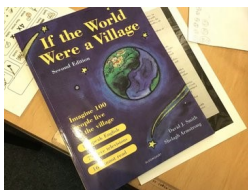

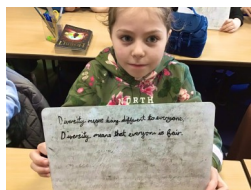

Here's the link for this week's celebration assembly:

- Wed 23rd June** Early Years assembly (parents possibly invited into school)
- Friday 25th June** Year 3 assembly (parents possibly invited into school)
- Friday 2nd July** Year 1 assembly (parents possibly invited into school)

Diversity Day

To celebrate Diversity Day, we learned about the different languages that children in our school speak and the origins of our names. We also discussed what diversity, equality and fairness mean to us and then we sampled French cuisine in the form of croissants. Yum! Thank you to Mrs Batchelor for leading this day.

Mother's Day

Last Sunday it was Mother's day. Year 5 and 6 made a tin lights, Year 3 and 4 made chocolate truffles, Year 1 and 2 made picture frames and Early Years made sweet treats. This was to say thank you to our fantastic Mums! By CTCN reporter Robert

The Amazing Science Week!

Due to lockdown and the pandemic, we haven't been able to do our usual science projects and science fair, but science week was very interesting and enjoyable. In Year 6, we made a catapult and in Year 2 they built nests for birds. They had to build them using natural materials and test their nests to make sure they were strong enough! By CTCN reporter Freddie

Sing Your Heart Out!

For the last two weeks, we have started the day with a singing assembly, broadcast into each classroom using Teams. The singing is good fun and an uplifting start to the day! By CTCN reporter Estrella

HSA Easter Egg Bingo

We need Easter egg donations for the HSA Easter Egg Bingo on Thursday 1st April.

Children can bring Easter eggs in to school with them, or you can drop them off at the office. Thank you!

Motivational Marathon Kids

Over the last few weeks the classes of Clapham Terrace have been doing Marathon Kids every day. Marathon Kids is a fun and very energetic activity motivating all children to keep active. The teachers are very happy with the enthusiasm shown by the children.

In every classroom the teachers have put a chart up called '60 a day' to inspire the children to be active for an hour a day. There are many things to do to get your score up to 60, for instance PE and Marathon Kids.

House Competition Update

These past weeks, we have been doing a house competition and we have now completed week 4, which is handball. So far we have done basketball, football, athletics and handball. So far, Dragon are in the lead with Phoenix, Unicorn and Goblin not trailing very far behind. Everybody likes the competition because it is a different way of being active and many people have learnt a new skill during the activities both at home and also in school. Thank you to Mr Smith for organising this competition.

Pompomtastic!

We've enjoyed making pompoms for our beautiful Spring display in the school entrance. Thank you to Mrs Goddard for showing us how to make them. Come and take a look at our display!
