# CLAPHAM TERRACE COMMUNITY PRIMARY SCHOOL AND NURSERY PE AND SPORT PREMIUM REPORT 2022 23

- The Headteacher and PE subject leader are committed to ensuring that all pupils will receive 30 mins a day of activity in school as well as at least two hours of high-quality physical education teaching per week, delivered by confident, well trained teachers. The successful delivery of the curriculum supports all aspects of health education within the school.
- Monitoring lessons ensures that they are planned and delivered to a high standard, guaranteeing both pupils enjoyment and achievement. The school holds many competitive and inclusive house events throughout the year as well as a whole school sports day, which includes traditional and competitive races.
- The firmly established house system is used effectively to develop healthy competition. This had a high profile following COVID. And will continue to be a high profile area in 22-23. Virtual events replaced face to face during COVID, the number of events increase don 2021-22
- Our sports day included distance races, more competition with field events. The hiring of an external venue has been hugely successful for the last 2 years. This is to be continued, as it enables children to access top quality facilities.
- We continue to link with local primary schools in the Leamington Consortium . Regular guidance, meetings and updates from the sports partnership School Games, has enabled whole school engagement in competition. It also maintains the broad range of sports that pupils are exposed to. Leamington Brakes Football Club are also helping us to develop competitive events between local, small primary schools.
- Inclusive sport has been an ongoing focus at Clapham and this helped us to secure the Inclusion Mark in 2017 ad having this re accredited in 2021. Children with a wide range of needs are able to participate in a number of competitive events led by the partnership. This is a hugely successful part of our provision; Clapham children have made it to the county inclusive finals for 3 years running...
- Sports Leaders have been firmly established over the last 5 years. This group of children participate in leadership training and assist in the running and recording of all house events. The Sports Leaders share pupil voice, develop ideas for competitions, report on events and model the School Games values. The MOVE IT initiative introduced in 2021 is led by our sports leaders, this has had a significant impact on all our children, increasing their motivation and confidence around physical activity
- Our Well Being Ambassadors (WBA). This group of Year 5 and 6 pupils are selected by the PE coordinator and Headteacher, based on their leadership potential. They work with our School Games provider run and host external competitions. This programme works directly with parents, who commit to enabling their child's participation in the programme. WBA have been responsible for collecting data from their peers, running a well-being week and presenting this to the partnership.
- Our excellent range of after school clubs; football, netball, multi-skills, cross country, cricket, Fit2Dance, tag rugby and dance provide all children,

across the whole school, the chance to participate. For such a small staff, this is outstanding. The success of many of our children in these competitions has further raised the profile of sport in the school. School has been awarded the Gold School Games Participation Award annually since 2017.

- The past academic year continued to show an increased number of children from across the key stages participating in a range of sports competitions with other schools.
- ECT teachers have been supported to develop their subject knowledge and confidence to deliver high quality PE lessons through commissioning a PE consultant. for 2 blocks of 6 weeks support
- PE passport has been purchased and supports the teachers to make accurate assessments of the children's performances and ability
- The swimming programme was re introduced after COVID in 2021-22, all year groups in KS 2 swim for a half a term

## Focus areas this year

- Continue to develop competitive sport for all children as leagues events return following COVID increase children with SEND 's participation by 10%.
- Commission JD, PE consultant to work alongside MH and SB developing confidence to deliver very high quality PE provision
- Ensure links with local sports clubs are extended (Leamington Brakes Football club, Leamington Cricket Club).
- Further develop the participation in Marathon kids and ensure more children enter the cross county league.
- Sports Leaders to continue to receive training in MOVE IT, continue to deliver sessions for children across lunch times
- Build on the use of PE passport for AFL.

Meeting national curriculum requirements for swimming and water safety 2018-19	Please complete all of the below:
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	80%
What percentage of your current Year 6 cohort use a range of strokes effectively, for example, front crawl, backstroke and breaststroke?	70%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	70%

#### Clapham Terrace Community Primary and Nursery School PE and Sport Premium Report 2022-23

Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity **over and above** the national curriculum requirements. Have you used it in this way?

Additional swimming planned 2022-23 to catch up lost provision as a result of lockdowns in 2020 and 2021

## Wider impact as a result of above

Children continue to be 100% active in PE lessons, 0% requiring rest breaks. 100% of children participate weekly

Children are very proud to be involved in assemblies, celebrating their achievements.

Concentration and attention are improved as a result of children being more active, leading to increased motivation and improving overall outcomes.
Increased number of children attending out of school sports club (rugby, football, hockey, netball, athletics, swimming, tennis) as a result of work done to build links in school.

Increased self-esteem and resilience amongst children who are determined to give all activities a go.

Behaviour at lunch time continues to be outstanding (Ofsted 21) as more activities are introduced.

90% or more of children reporting that they enjoy their physical activity.
